---

**Diagram**: A diagram showing the layout of the engine and exhaust system, labeled with the parts and their connections. The diagram includes labels for components such as hoses, flanges, and exhaust lines, indicating their positions and labels (e.g., HOSE, EXHST). The diagram is labeled with numbers corresponding to the parts listed in the table. The labels indicate connections and locations, such as "TO ENGINE" for the direction of flow or connection. The diagram also includes notes for specific parts, such as "CRUSADER" and "VOLVO MERC" indicating brands or types of engines. Connections are shown with arrows or lines, indicating flow or direction of movement in the system.

- **FWD VENT**
- **SHOWER DRAIN**
- **GREY WATER**

---

**Notes:**
- This diagram illustrates the grey water system configuration for the 356 AFT CABIN, highlighting key components and their connections.
- The parts list specifies necessary parts for the grey water option, including tanks, fittings, and hoses.

---

**Recommended Action:**
- Review the parts list and diagram for proper installation and maintenance of the grey water system.
- Ensure all parts are accounted for and correctly installed according to the specifications provided.

---

**Additional Information:**
- For detailed installation instructions, consult the full parts manual for the 356 AFT CABIN model.
- Regular maintenance checks are recommended to prevent issues with the grey water system.
