The Carver Tradition

For nearly three decades the Carver goal has been to build family cruisers of high quality that deliver unprecedented value. That tradition, enjoyed by scores of elite boating enthusiasts, continues in the newly designed 1983 fleet. In sizes from 23 to 36 feet, Carver’s 1983 eight mid-range cruisers deliver accommodations and a level of engineering that challenge any comparison.

A testimony to your boating skill and wisdom

Your knowledgeable eye will recognize the inventive genius and unrelenting determination that results in the superiority of Carver engineering. Our hull design, with the exacting balances of fiber to resin, and the hull thickness-to-weight ratios deliver optimum strength and fuel efficiency. Our propulsion systems are engineered and tested for maximum performance at your chosen cruising speed. You’ll immediately recognize the detailed attention to construction through strong bulkheads, stringer systems, fiberglass lay-up, and total structural integrity. Here is where our determination in the design, construction and performance meet the demands of discriminating yachtsmen worldwide.
Confidence Backed By Service

Carver enjoys a worldwide dealer network, all working toward a common goal - to provide you with the assistance necessary in making the right decision in purchasing your new boat. But it doesn't end there. Each boat manufactured by Carver is backed by a limited warranty. And all Carver dealers are able to assist you through their qualified service technicians and appropriate service facilities.

We're confident in our product. So you can be confident with Carver.

On board you'll be treated to an attention to detail that utilizes every nook and cranny for unequaled drawer storage, equipment locker space, and superior galley storage. All with interiors that are open and relaxing the way your home on the water should be.

Here is room for the serious boater to live as he was meant to. Salons and dining areas provide rare generosity in seating. Full-sized galleys with single/double door refrigerators, electric stove/ovens, and with ample room for providing guests complete meals or for savoring single-entree dining. Sleeping areas include all the soothing comforts of home to give you restful and undisturbed sleep. Decor is skillfully color balanced to please the eye of the most discriminating. Whether taking advantage of Carver spaciousness for entertaining friends or for unforgettable family cruising, you'll experience the same distinction other proud yachtsmen have - a motor cruiser on which to live a fuller, more luxurious life.

Carver: a rare value in boating and in living

You'll feel it the minute you board, the same exhilaration that comes with laying claim to an uncharted island or embracing cove. You'll see it in the eyes of your friends, too. It’s the distinction of owning the craft of choice among discriminating yachtsmen.

If you’ve only heard others boast of Carver superiority, it’s time you reward yourself with the Carver life. You needn’t be wealthy to live this new boating experience. It will merely look that way.

Designed for cruising

Take the helm. Experience human engineered controls, gauges, and toggles logically grouped by function. Throttle forward to discover a soft ride, agility and responsiveness that make cruising a pure delight. And that's just the beginning.

23 Monterey

Turn loose the 23-foot Monterey and experience the same sporty styling and high-speed stability. Here is the distinctive flair of the 23's style line that encompasses generous accommodations for four. With cabin or cockpit-mounted dinette table, an ice box, sink, comfortable private head, and storage space throughout. It's pure class and performance. It's pure Carver, challenging the maverick in you.

26 Monterey

As the 26-foot Monterey's sporty hull slices water, you take control in a cockpit unmatched for seat and comfort. Throttle down at sunset and treat yourself to luxury in the forward double berth. If more room is what you seek, the dinette area converts to another double berth. And for those meals that accent your lifestyle, you need only take advantage of the galley, complete with ice box, stove and sink. With an enclosed stand-up head for comfortable privacy, and a convertible top set with aft camper enclosure, this is boating at its sportiest with luxuries unmatched.

Break away from the ordinary, and speed into the wind and open sea on a Monterey. It's the high performance group with the right blend of responsive speed and agility to satisfy the maverick in you...without sacrificing high style.

Step aboard. And go for it.

Stand at the helm on the 26 Santa Cruz's command bridge and the waterway becomes yours in this expression of your family's good taste. It envelops you in color balanced upholstery as rich as that found in the finest homes. In sensual carpeting. And in gracious pewter instrument panels, as the wind strikes the sleek wrap-around venturi windshield to careen over and around you.

Now go below to where the world outside is brought inside through panoramic windows that sweep around the spacious cabin. Lean back and survey the expansive lounge/dinette area. Stretch out on the forward double berth, or on the roomy berth created from the convertible dinette. Take command of the perfectly appointed galley.

Astounding storage space. Private head compartment with large vanity. Dual helm stations. Standard dockside wiring. Luxurious appointments at every turn. We call it the Santa Cruz. You'll call it distinction.

Evening Interior

Cabin Interior
Now that you’ve seen the imitators, come aboard the one that will have others trying to imitate you. Perhaps you may sense a touch of arrogance, but you’ve earned it. You’ll have chosen the wide body Carver that accommodates six in distinctive luxury that demands respect.

This is the 28 Riviera Aft Cabin, and it’s aptly named. Regardless of the waters you cruise, the warm breezes sweeping over the command cockpit/salon will rival those that caress the jet set. Here, within the convertible top and side windows, the sun and water are yours to command with responsive maneuverability that’s flawless. Roll back the top, slide back the windows and open the vented windshield, and announce your presence to all onlookers. Even your guests, sunning themselves on the aft deck’s expansive sun pad, will take on a little arrogance.

And they’ll have plenty of room too. Here’s the twenty-eight with more accommodations than you’ve ever imagined. More than enough for seating and entertaining six. With a built-in cockpit/dinette that converts to an additional sun lounge or double berth. An aft stateroom that pampers two and boasts a vanity, sink and single/double berths. And a spacious master stateroom/salon, featuring an extravagant v-berth. The salon includes a hi-low dining table, a full-size L-shaped galley, head compartment with shower and vanity, plus storage space everywhere you can imagine.

The Riviera awaits. Because it’s time you stop denying yourself the right to lead.

Take a big step away from the ordinary and set yourself apart from the crowd in the 28 Mariner. Take command on a spacious bridge that seats five, can be instantly turned into a conversation pit, or become a plushy cushioned sun pad. Plus storage space you'll be hard-put to find on the bridge of any other craft in this class.

Go below and create your own environment by choosing the cabin plan best emphasizing your lifestyle. Discover the private forward stateroom that's common to both plans, and is really private. With 6’2” headroom, double berth, hanging locker, vanity with sink, it has an abundance of drawers and locker storage.

Now go aft and choose the salon floor plan to fit your personality. Here, in Plan B, is a spacious dinette to port and an entertainment center with optional bar, and ice maker, television or navigational electronics cabinet.

If it's extra accommodations you need, floor Plan A offers a luxurious lounge that forms a double berth in addition to the dinette. Altogether, you can sleep six in this stylish version.

Whichever statement of lifestyle you choose, you'll bathe in the luxury of a head compartment complete with shower. A full-size galley that's really full size, with electric stove, spacious refrigerator/freezer, a pressure hot and cold water system, and a deep stainless steel sink.

There's only one you, and there's only one boat to prove it.

The twenty eight Mariner.

AFT CABIN

Cast your discriminating eye on the 32-foot Aft Cabin and embrace the aft cabin concept brought to magnificent perfection. Envelop yourself in the extraordinary privacy and personal luxuries that present themselves in unparalleled roominess.

Take a seat in the expansive salon and you’ll feel as though it’s a full living room. Here’s room to move about and stand tall. Complete with a convertible sleeper-sofa and hi-lo table.

Whether you’re heading for the open sea or cruising inland coves, the galley is equipped to make meals a breeze. Its electric stove and oven are always ready to create mouth watering temptations. Its upright refrigerator/freezer keeps your stores plentiful and cold. Add to that a deep basin stainless steel sink and full cabinet space with ample storage and you’re ready to challenge the open sea for ports far from home.

And you’ll cruise in unequalled comfort. The aft master stateroom sleeps two with more than generous storage space and the privacy of a large head compartment. Your comfort and that of your guests is made complete in the forward guest stateroom with sleeping for two and adjacent main head compartment that includes a stall shower complete with glass door.

The piece de resistance is a fully instrumented helm and a bridge that seats five in absolute comfort.

Perfection will never be the same again. You know you can’t settle for less.

Favor those special friends with a starlight party on your 33 Mariner, and you’ll experience an exclusivity you may never have thought was yours.

Imagine, a bridge so expansive that it will seat eight with room to spare. A bridge so versatile that it becomes a sun pad for you and your guests to sun bathe in warm and refreshing breezes. A bridge that becomes an extra salon for entertaining and relaxing, or sleeping accommodations merely by adding the full weather enclosure.

Imagine, a single-level cabin with salon/dinette that seats eight or sleeps four. A galley so complete that its stove and oven, upright refrigerator/freezer and storage space offer endless opportunity to entertain in style.

Imagine, a convenient dual access head compartment with a separate shower stall. The adjacent private stateroom has a large double berth, built in drawers, and an extra large hanging locker.

Imagine, teak parquet flooring, sumptuous fabrics, rich carpeting, and a panoramic view of your favorite cove from the lounge.

Imagine yourself at the helm, not only the captain of this majestic vessel, but the commander of entertainment the way few have come to know it.

There’s nothing imaginary about it. The Mariner can be yours now.

Splendor on a grand scale, rivaled only by the sea and sky themselves, spreads delightfully before your eyes in delicately balanced blends of color, polished teak and fabrics. It encompasses you in the grandeur of the enormous bridge, and in the engulfing panorama surrounding you. Here, where even wind and sun caress you with respect, is room for six to idly lounge in the embrace of elegantly upholstered seating.

Perhaps your choice is Plan B with its magnificently raised lounge that seats up to seven passengers who will share a spectacular 360-degree view. Feast your eyes on the galley in this plan and you'll know instantly that its immense storage space, two refrigerators, and stove/oven are there to meet your every demand.

Whatever your choice in floor plans you will bathe yourself in luxuries few can enjoy. Classic teak parquet flooring, hand-crafted woodwork, accented by plush carpet and furnishings. And total accommodations found only in yachts much larger.

Come to where only the few deserve to be. And where compromise no longer exists.
