Ready for inspection. We've been told that our yachts are built a little better than they really have to be. That's probably true, and there are a variety of reasons.

First, we're not a "subsidiary of" anybody. For over 30 years our owners and managers have concentrated on designing and manufacturing the finest power cruisers afloat. In several cases, our people literally wrote the books that the boating industry now relies upon.

Secondly, we completely control every operation internally. We don't job out the cabinetry and upholstery work... the electrical systems... or anything that contributes to the overall excellence of a Carver.

And third, we have a company-wide sense of pride in every yacht we launch. At Carver, the commitment to quality is important — right across the board.

One more important point is our special, carefully selected, dealer network. Carver dealers are the best in their field; professional, experienced marine specialists of quality products and experts at after-sales service. Each dealer is strategically located to provide Carver boat owners with parts and service from coast to coast. As a team, we strive to provide each and every boat owner with a yacht that's built and serviced better.

The Carver commitment is complete.
This innovative, new 36' Mariner design offers more living and entertaining area than any other 36' yacht afloat. Topside, our unique design provides multiple sunning lounges. The bridge is surrounded by a wide, walk-around deck. Below deck, the salon features a spacious 12' x 13' floor plan with double lounge, dining table and elegant wet bar. The galley provides a full-sized refrigerator and bountiful dry goods storage. Luxurious accommodations are offered in the master stateroom with double berth and his and hers storage lockers. Twin berths are provided in the second stateroom.

The 36' Mariner also offers a cockpit transom door for convenient boarding and aft deck hardtop. A glass sliding door allows easy access to the main cabin.

**Profile**
- Length: 35' 7"
- Beam: 12' 6"
- Draft: 3' 8"
- Height: 3' 6"
- Displacement: 13,500 lbs
- Water System: 112 gal.
- Fuel System: 270 gal.
- Auxiliary Tank: 60 gal.

When you board this 28' Mariner, you'll think you've entered a much larger cruiser. The cabin is encircled by windows. The raised seating gives everyone 360° visibility. Amidship, two floor plan selections allow salon, galley and dinette arrangements to suit your personal desires. Both plans have a spacious bridge that easily seats five or six people. Wide side decks contribute to a seaworthy feel of this single-level floor plan.

Stiff Windshield  • Bow Pulpit  • Swim Platform  
Propane or Electric Stove with Oven  • Generator
The layout of this 26' Aft Cabin cruiser puts the emphasis on space. The cockpit is actually a large outdoor living area with custom dry bar, all seats raised to afford 360° visibility and a dinette that can easily handle a hungry crew. The forward cabin is a spacious U-shaped lounge with a convertible dinette/berth, plus a completely equipped galley. And the Aft Cabin has a single and double berth with sink and a double-hanging locker.

The sleek gray hull, with striking black and silver accents, adds a sense of excitement. Spacious and practical, the Monterey has a large cabin plus an airy, open cockpit for more comfortable cruising or fishing. Storage abounds in the cockpit, cabin and galley. The dinette easily converts to a full double berth.
