Conceived in the studios of Fulvio de Simoni — the internationally renowned yacht designer in Milan, Italy — the Trojan 350 Express is a futuristic glimpse of what the 21st century will bring in express yacht design. Her striking lines and contours are destined to be the most imitated look in the years to come.

A high-tech helm station and spacious cockpit provide a bold arena for entertainment or relaxation. The spacious salon evokes the epitome of quality and good taste with Berber carpeting, bird’s-eye maple cabinets and trim, and designer fabrics which highlight the ingeniously designed seating, sleeping, and storage fixtures.

Beneath the surface, her contemporary hull design features Simoni-designed propeller pockets for a shallower draft, thrilling acceleration, and superior stability at high speeds. Completely original — inside and out — the Trojan 350 Express is the embodiment of independent thinking in yacht design.
Standard Equipment

Hull and Deck
- Aluminum electronics arch
- Anchor locker w/foredeck access
- Anchor and navigation lights
- Foredeck sun pad
- Bow pulpit with roller
- Stainless steel bow rails
- 10" cleats - stainless
- Hull accent and boot stripes
- Tinted foredeck hatch
- Gunnel molding
- Transom platform w/storage locker and swim ladder
- Vinylester barrier coat
- 5 year limited warranty on hull structure (2 year blister protection included)

Cockpit
- Cockpit boarding step, integral
- Cockpit lights, 12 volt
- Triple-wide adjustable helm seat
- Cockpit seating
- Engine access hatch w/hydraulic lift
- Wet bar w/bottle storage and cutting board
- Remote-actuated courtesy lights

Instrumentation / Controls
- Compass
- VDO Vanguard gauges (hour meters, tachometers, temp, oil, volts)
- Horn
- Tilt steering wheel
- Hydraulic steering
- Teleflex "U-Flex" throttle and shift controls

Mechanical
- CO detectors
- Fresh water tank - 60 US gallons
- Windshield wipers (3)
- Water heat w/heat exchanger - 11 US gallons
- Automatic fire suppression system in engine room

Electrical
- Heavy duty batteries (2) w/emergency paralleling switch
- Bilge blowers (2)
- Electrical bonding system
- Battery charger - 60 amp
- Dockside AC shore power
- 50' shore power cord
- Engine room lights

Fuel System
- Anti-syphon valves - gas propulsion only
- Fuel selector and shut off valves
- 220 U.S. gallons fuel capacity

Underwater Gear
- Bronze rudders
- Bronze struts

1½" stainless steel tapered prop shafts w/anodized shaft couplings
- Bronze propellers
- Norscot dripless shaft seals
- Valves on all underwater thru-hull fittings
- Hydraulic trim tabs

Interior - Mid-Cabin
- Lounge seating which converts to double berth
- Sliding window w/screen
- Folding privacy door
- Storage locker - stbboard
- Storage below mid-cabin lounge and under cabin sole

Interior - Main Cabin
- Convertible lounge
- Overhead halogen lighting - 12 volt w/dimmers
- Storage compartments
- Decorator pillows
- Polished bird's-eye maple cabinets and woodwork

Interior - Head Compartment
- Shower w/pivoting glass door
- Medicine cabinet w/mirror
- Vacu-flush head
- Exhaust fan
- Vanity and sink

Interior - Galley
- Coffee maker - built in
- Dish locker
- Two-burner electric glass range top
- Microwave oven - built in
- Trash container
- Refrigerator - Norcold dual voltage
- Sink w/work surface cover
- "Fountainhead" counter tops

Interior - Forward Cabin
- Double inside berth
- Hanging lockers w/closet lining and automatic light
- Concealed deck hatch with screen
- Overhead halogen lighting - 12 volt w/dimmer
- Lighted, easy access storage locker under mattress
