Fresh traditional styling and new interior layout produce a combination of comfort & versatility on the Carver 370 Voyager.

With a master stateroom forward, mid-cabin convertible dinette and sofa/sleeper, there is sleeping room for eight. Along with the dinette on the same level as the galley for entertaining, it also has seated visibility while underway. Optional lower helm, and plenty of storage make the 370 Voyager perfect for extended cruising.

Topside, the 370 Voyager offers a large command bridge with seating for six, sun lounge, and European-style transom with swim platform, stow-away ladder and transom mounting pads for davits.
