

26 **Command Bridge**

The 26 Command Bridge offers wide-body stability and comfort in a traditional bridge boat. Below deck there's sleeping accommodations for five with a double berth forward, convertible dinette and sofa. The cabin layout is that of a much larger cruiser...the galley is complete with ice chest, stove and full size dinette.

There's an enclosed head compartment with shower and for those who like to pilot from below, an optional lower helm station is available. Topside, you'll find a comfortable command bridge and roomy cockpit. The 26 Command Bridge, offering "stability-plus" in a traditional styled boat.
