

36 Aft Cabin Motor Yacht

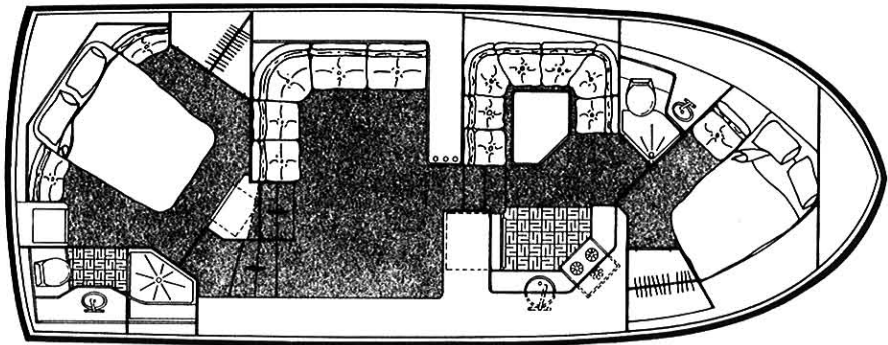

The new Carver 36' Motor Yacht is a fresh approach to traditional design values. The exterior lines blend together to create a stylish profile with a hint of European influence. The new wide body hull with a 13'10" beam facilitates a cabin layout that offers comfort and privacy.

Cruising accommodations include two private staterooms, two head compartments and a convenient galley-dinette arrangement. And, in true Carver fashion, there's plenty of storage space. Ammenties? This Motor Yacht has plenty, making it ideal for extended cruising.
