Plan B

AFT CABIN

Splendor on a grand scale, rivaled only by the sea and sky themselves, spreads delightfully before your eyes in delicately balanced blends of color, polished teak and fabrics. It encompasses you in the grandeur of the enormous bridge, and in the engulfing panoramas surrounding you. Here, where even wind and sun caress you with respect, is room for six to quietly lounge in the embrace of elegantly upholstered seating.

Perhaps your choice is Plan B with its magnificently raised lounge that seats up to seven passengers who will share a spectacular 360-degree view. Feast your eyes on the gallery in this plan and you'll know instantly that its immense storage space, two refrigerators, and stove/oven are there to meet your every demand.

Whatever your choice in floor plans you will bathe yourself in luxuries few can enjoy. Classic teak parquet flooring, handcrafted woodwork, accented by plush carpet and furnishings. And total accommodations found only in yachts much larger.

Come to where only the few deserve to be. And where compromise no longer exists.
