Now that you've seen the imitators, come aboard the one that will have others trying to imitate you. Perhaps you may sense a touch of arrogance, but you've earned it. You'll have chosen the wide body Carver that accommodates six in distinctive luxury that demands respect.

This is the 28 Riviera Aft Cabin, and it's aptly named. Regardless of the waters you cruise, the warm breezes sweeping over the command cockpit/salon will rival those that caress the jet set. Here, within the convertible top and side windows, the sun and water are yours to command with responsive maneuverability that's flawless. Roll back the top, slide back the windows, and open the vented windscreen, and announce your presence to all onlookers. Even your guests, sunning themselves on the aft deck's expansive sun pad, will take on a little arrogance.

And they'll have plenty of room too. Here's the twenty-eight with more accommodations than you've ever imagined. More than enough for seating and entertaining six. With a built-in cockpit/and salon that converts to an additional sun lounge or double berth. An aft stateroom that pampers two and boasts a vanity, sink and single/double berths. And a spacious master stateroom/salon, featuring an extravagant v-berth. The salon includes a hi-lo dining table, a full-size L-shaped galley, head compartment with shower and vanity, plus storage space everywhere you can imagine.

The Riviera awaits. Because it's time you stop denying yourself the right to lead.
Now that you’ve seen the imitators, come aboard the one that will have others trying to imitate you. Perhaps you may sense a touch of arrogance, but you’ve earned it. You’ll have chosen the wide body Caner that accommodates six in distinctive luxury that demands respect.

This is the 28 Riviera Aft Cabin, and it’s aptly named. Regardless of the waters you cruise, the warm breezes sweeping over the command cockpit/salon will rival those that caress the jet set. Here, within the convertible top and side windows, the sun and water are yours to command with responsive maneuverability that’s flawless. Roll back the top, slide back the windows and open the vented windshield, and announce your presence to all onlookers. Even your guests, sunning themselves on the aft deck’s expensive sun pad, will take on a little arrogance.

And they’ll have plenty of room too.

Here’s the twenty-eight with more accommodations than you’ve ever imagined. More than enough for seating and entertaining six. With a built-in cockpit/dinette that converts to an additional sun lounge or double berth. An aft stateroom that pampers two and boasts a vanity, sink and single/double berths. And a spacious master stateroom/salon, featuring an extravagant v-berth. The salon includes a hi-low dining table, a full-size L-shaped galley, head compartment with shower and vanity, plus storage space everywhere you can imagine.

The Riviera awaits. Because it’s time you stop denying yourself the right to lead.
Splendor on a grand scale, rivaled only by the sea and sky themselves, spreads delightfully before your eyes in delicately balanced blends of color, polished teak and fabrics. It encompasses you in the grandeur of the enormous bridge, and in the engulfing panorama surrounding you. Here, where even wind and sun caress you with respect, is room for six to idle lounge in the embrace of elegantly upholstered seating.

Perhaps your choice is Plan B with its magnificently raised lounge that seats up to seven passengers who will share a spectacular 360-degree view. Feast your eyes on the gallery in this plan and you’ll know instantly that its immense storage space, two refrigerators, and stove/oven are there to meet your every demand.

Whatever your choice in floor plans you will bathe yourself in luxuries few can enjoy. Classic teak parquet flooring, hand-crafted woodworking, accented by plush carpet and furnishings. And total accommodations found only in yachts much larger.

Come to where only the few deserve to be. And where compromise no longer exists.
