Cabin Headroom: 78"

36 AFT CABIN

Dare to turn any port into an exclusive playground for the chosen few in this, the definitive statement of your success. There isn't another craft in this class that can match the Carver 36 Aft Cabin, in precisely that... class.

Come below decks and feel the splendor continue to unfold before you in the master stateroom where a delicately appointed queen-size bed, full head with bath and shower, as well as built-in vanity, provide the sensation of fine chateau-like accommodations. And the same splendor continues in the spacious forward guest stateroom, adjoined by a second head compartment complete with shower. Here, indeed, is fine living wherever you may cruise and with storage space abundant enough to permit you to venture to your furthest dream.

Choose the floor plan best suiting your personal tastes. Perhaps Plan A, high-lighted by the elegance of a salon-dinette with ample space to seat six. A kitchen-size galley, equipped to satisfy your every hunger with a stove/oven, refrigerator/freezer, deep stainless-steel double sink, and storage space far exceeding your expectations.
Splendor on a grand scale, rivaled only by the sea and sky themselves, spreads delightfully before your eyes in delicately balanced blends of color, polished teak and fabrics. It encompasses you in the grandeur of the enormous bridge, and in the engulfing panoramas surrounding you. Here, where even wind and sun caress you with respect, is room for six to ideally lounge in the embrace of elegantly upholstered seating.

Perhaps your choice is Plan B with its magnificently raised lounge that seats up to seven passengers who will share a spectacular 360-degree view. Feast your eyes on the gallery in this plan and you'll know instantly that its immense storage space, two refrigerators, and stove/oven are there to meet your every demand.

Whatever your choice in floor plans will you bathe yourself in luxuries few can enjoy. Classic teak parquet flooring, hand crafted woodwork, accented by plush carpet and furnishings. And total accommodations found only in yachts much larger.

Come to where only the few deserve to be. And where compromise no longer exists.
