

# 2866 SANTA CRUZ

1/4" = 2 Feet

The 28' Santa Cruz combines the comfort and luxury of a pleasure cruiser with all the features of a fisherman's dream. The convertible dinette and V-Berth provide luxurious sleeping space for 4 while the compact, but complete, galley and private enclosed head compartment feature pressure water systems for cruising comfort and convenience. The command bridge with seating for 5 provides ample visibility without sacrificing stability.

A fisherman should not overlook the fish-well with overboard drain and cutting block. The high quality construction and materials that go into each Carver model are found in this efficient fishing machine which offers all the features a fisherman could ever need.
