

2896 MARINER

1" = 2 Feet

The 28' Mariner offers full accommodations for 6. It provides not only comfortable berth space, but ample storage space and a large all-weather bridge complete with aft bench seat as well.

Large cabin windows offer interior "seated visibility" and add to the look of spaciousness while bi-fold doors divide the interior into 2 separate cabins providing the privacy desired on extended overnight cruising.

A fully-equipped galley and head include pressure hot and cold water systems for your convenience and comfort.

The hand-laid fiberglass construction and truly efficient stable hull performance found in all Carver cruisers make this 28' Mariner a comfortable and enjoyable family vacationer.

MODEL 2896 MARINER
