## PERFORMANCE DATA

### Model: 3396 Mariner

Power . . . . . Twin 225 Pleasurecraft V-Drives  
 Gear Reduction . . . . . 2.05:1  
 Fuel Load . . . . . 55 gal.  
 Water Load . . . . . 75 gal.  
 Passenger Weight . . . . . 310 lb.  
 Test Date . . . . . 8/24/76

Propeller(s) . . . . . 18 x 19 Michigan Quadra jets  
 ETR# . . . . . 3982476  
 Wind . . . . . N-E  
 Temperature . . . . . 85 °F  
 Course . . . . . N-S 1'-2' chop  
 Altitude . . . . . 590 ft. above sea level

**Other Information:** Boat fully equipped including 7.5 KW Kohler generator, air conditioning, aux. fuel tank, 40 gal. holding tank.

RPM	Trim Angle	Timed Speed (MPH)	Fuel Consumption (GPH)
1000	—	—	—
1500	1.0°	7.2	5.0
2000	2.5°	8.9	7.0
2500	4.0°	10.3	9.0
3000	6.5°	15.3	14.0
3500	6.0°	20.8	18.0
4000	3.0°	27.3	24.0
4600	3.0°	31.5	37.0
3500*	4.0°	23.0	17.0

\*Trim planes down

**Recommended Cruising Speed:** 1400-1800 rpm low speed cruise — planes up  
 3000-3300 rpm cruising speed — planes down as needed

The results above were experienced by the specific unit tested. Different boats, engines or test conditions could result in varied performance.
